

Faik Raid AlHaddadin

Vice President – Projects

Damac property

Profile

Faik Raid AlHaddadin is the Vice President at DAMAC Properties, where he leads innovative mega projects in Dubai master plan and strategic initiatives in the real estate sector. Previously, as a Senior Projects Director at Emaar, he orchestrated the Downtown Master Plan for nearly six years, successfully delivering elite towers across the Opera District and Downtown. This role honed his expertise in high-rise building execution models and modern delivery strategies.

Currently a PhD researcher focusing on sustainable practices during project execution, Faik emphasizes the practical application of real-time models and digital twin technologies as essential tools for digital transformation. His academic and professional background positions him as a leader in fostering sustainability within the construction industry.
