

Hilal Mengi

Managing Director – Business
Advisory

Dune Studio

Profile

Proven record of managing entire lifecycle of waterfall and agile software projects, such as planning, scope, cost, and governance from inception to successful completion. Skilled in executing change management strategies, ensuring seamless transitions, and mitigating risks with main focus on maximising business benefits. Proficient in vendor and consultant selection, business case assessment, and financial benefit realisation. Adept at leveraging cutting-edge technologies and digital solutions to redefine business processes and customer experiences. Excel at building high-performing teams, securing buy-in for transformative projects, and navigating challenges with strategic foresight and agility. Expert in engaging with key stakeholders, fostering culture of continuous improvement, and staying ahead of industry trends. Top of Form
