

# Master of Science (MSc) in Finance and Risk Management

## WHY STUDY MSC IN FINANCE AND RISK MANAGEMENT

The Master of Science (MSc) in Finance and Risk Management at The British University in Dubai equips students with essential knowledge, skills, and tools to excel as financial risk managers or financial analysts. This programme blends theoretical understanding with real-world application, preparing graduates to make informed corporate, financial, and strategic decisions. It will also assist in preparing students for professional certifications such as the Financial Risk Manager (FRM) or Chartered Financial Analyst (CFA). The programme's content is aligned with FRM's curriculum, which is accredited by Global Association of Risk Professionals (GARP). Graduates are also eligible to apply for selected credits from The Institute of Chartered Accountants in England and Wales (ICAEW), including credits in Business, Technology, Finance, and Financial Management. Students will gain an understanding of various industry risks and the managerial issues related to risk control.

## Career Prospects

Choosing the MSc in Finance and Risk Management at BUId provides students with a robust education, valuable industry connections, and excellent career opportunities. The programme's partnerships with GARP and ICAEW ensure that graduates are well-prepared to meet the demands of the financial industry. Graduates from the MSc in Finance and Risk Management programme can pursue careers in financial institutions, regulatory bodies, and large non-financial companies.
