

The Doctoral Training Centre (DTC)

Dr. Farzana Asad Mir
Mr. Rawy Thabet
Ms. Immaculata Ofurum

BUiD Doctoral Training
Centre (DTC)
2016 onwards

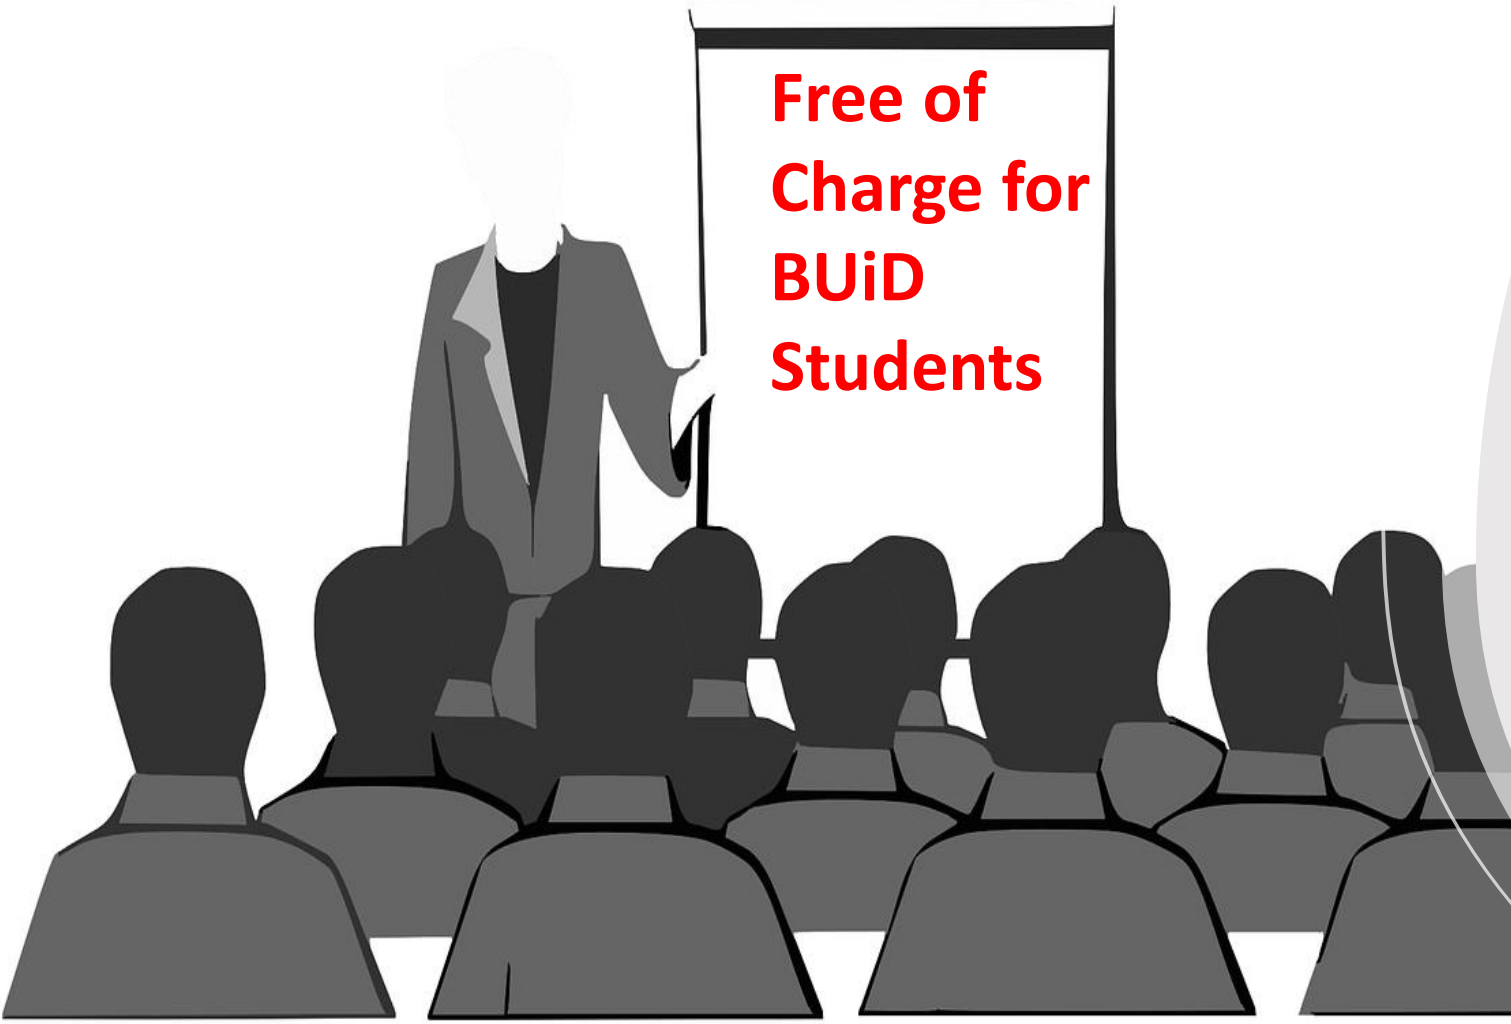

- DTC serves as a central department dedicated to the development of research activity and output at The British University in Dubai (BUiD).
- It is a part of the Office of the Dean of Research at BUiD.

The DTC Ambition

- Provide support in research capacity building
- Provide a platform for idea sharing and establishing a vibrant research community

Aim # 1: Building Research Capacity

**Free of
Charge for
BUID
Students**

(Training and Development
Programme)

Range of
workshops

```
graph TD; A[Range of workshops] --> B[Core]; A --> C[Recommended];
```

Core

Recommended

The information that you get in these workshops complements the information that you receive in your modules

- Recorded**

- **Support available on demand-** Students can book appointment to gain in person feedback on their work or discuss any issues related to their research

The Blackboard: Your Go to Resource

You are all registered to DTC module.

Recorded workshops and other materials are available there

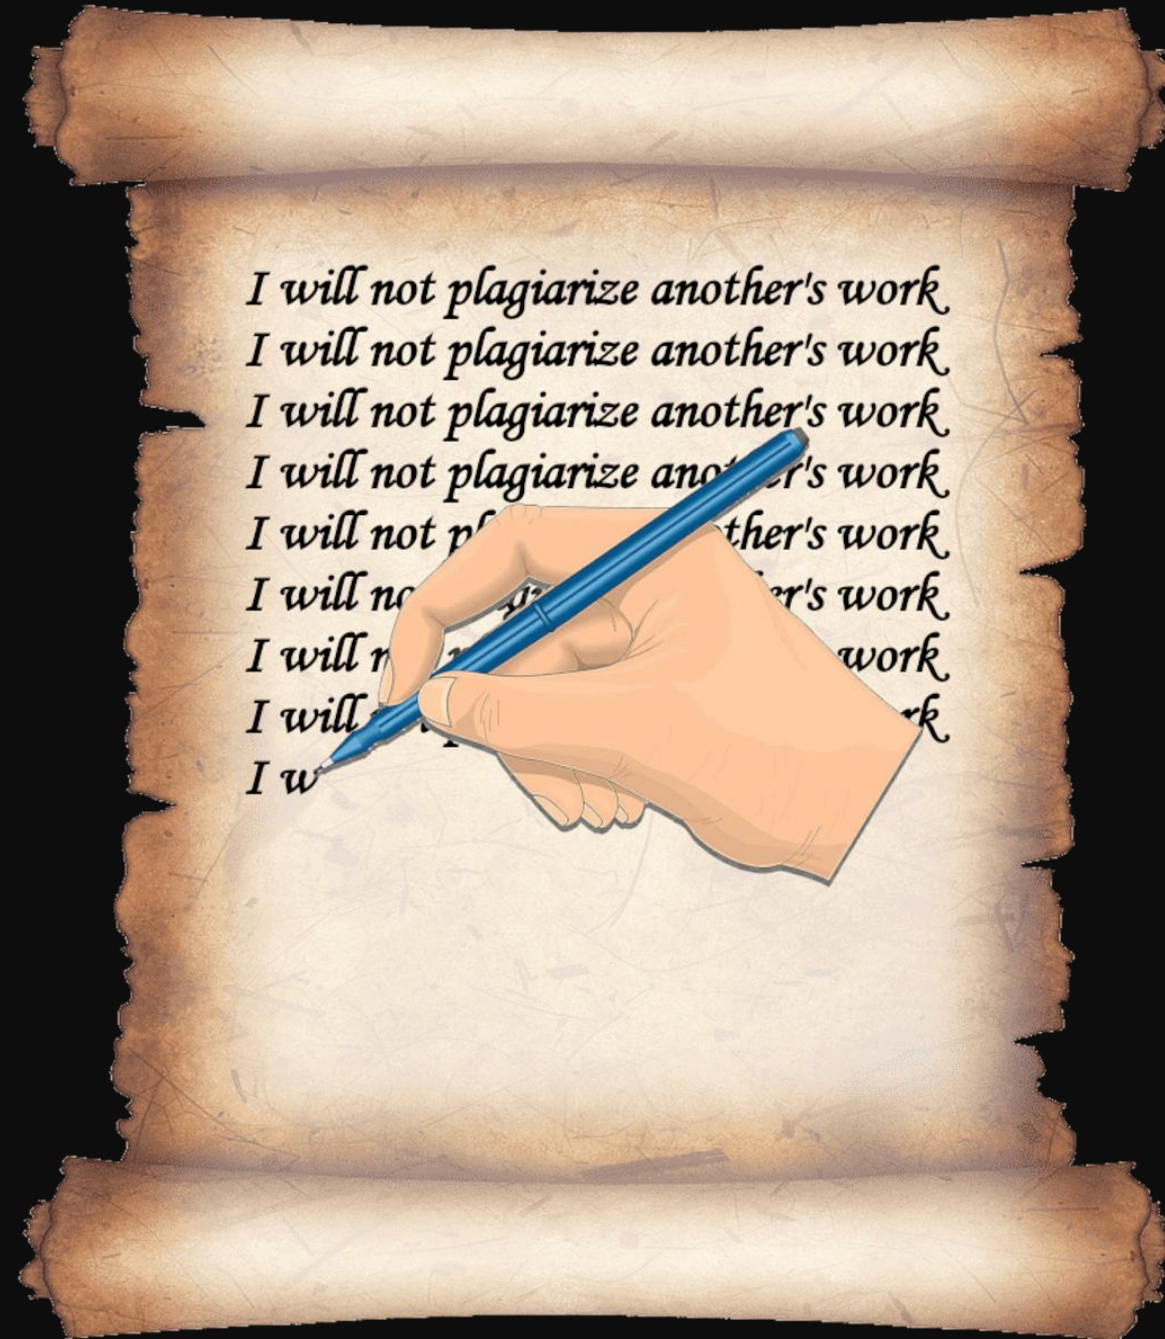

Building a Research Community

- BUiD magazine
- Annual Doctoral Research Conference. Selective participation and Scopus indexed proceedings

Important Note

- All assignments will be put through plagiarism detection software.
 - The software does provide an indication about AI generated content too
 - Seek help and use the resources available to you!
-

BUID's Unfair Means Committee

- All cases of academic dishonesty are referred to this committee
 - Penalties can go up to permanent expulsion from the university
 - All warnings and penalties are recorded on your student file
-

- Proofreading clearance is mandatory for all postgraduate programme final outputs

Proof reading

- DTC conducts screening and facilitates proofreading
- Final clearance is only given after completion of proofreading process

Points to Remember

- Check and read your emails from Student Administration and DTC
- Get involved
