WorldCat Discovery Platform

The screenshot shows the search interface of the WorldCat Discovery Platform. At the top, there is a dark blue header bar containing the logo of The British University in Dubai on the left and the text 'The British University in Dubai' on the right. Below the header, the main search area has a dark blue background. It features a white search bar with the placeholder text 'Search books, articles, journals and more in Worldcat knowledge base'. To the right of the search bar is a white 'Search' button. Below the search bar, there is a link labeled 'Advanced Search'.

Platform used for finding books, articles and other resources in one place through a single search box.

Reading Lists

- A collection of readings recommended by your tutor for a specific module (books, chapters, articles and websites)

Reading lists

The reading list provides you access to the materials recommended by your tutors. These include print/eBooks, articles, book chapters & conference papers. It links you directly to the readings in WorldCat and gives you real-time information about the availability of books. The articles can be downloaded using your [library account](#) login details.

BUS 213 Business Statistics

Department: BSc Business Management

Module Description: Statistics is the science of reasoning from data. Data and statistical thinking abound in everyday life and in almost all academic fields. This module will provide understanding of basic statistical concepts of inferential statistics. Students, in this module, will gain knowledge and skills of some important tools of statistical analysis.

Discover more module-related books available in the library and open resources
